# Chair with Arms

## **MEASURING** GUIDE

In order to get the best fit of your new custom cover, it is important to make sure all measurements are accurate. Submitting images for reference will be helpful for chairs that have a wider variety of angles and offsets to measure. If width of chair feet is different front to back, please note.

**A** / width of chair back =

**B** / height above arms =

**C** / arm height =

**D** / seat height =

**E** / width of chair feet =

**F** / depth of chair back to arm front =

**G** / depth from back feet to front of seat =

**H** / total depth of chair =

**I** / width of outside of arms =
