Sun Loungers with Arms - Stacked

MEASURING GUIDE

In order to get the best fit of your new custom cover, it is important to make sure all measurements are accurate. **If your sun lounger has cushions, store separately so that the cushions are not damaged from the weight of stacked loungers!**

A / length of sun lounger =

B / height of arms =

C / length of seat *before* arms =

D / length of arms =

E / length of seat *after* arms =

F / height of seat / cushion =

G / distance between the arms =

H / width of lounger =
