Rectangle Dining Table & Chairs

Combination Configuration with Rounded Corners

MEASURING GUIDE

In order to get the best fit of your new custom cover, it is important to make sure all measurements are accurate. Measure outer edges around the table with chairs in position to get the smallest configuration possible.

A / total length =

B / total width =

C / total width of chairs (side) =

D / total width of chair (end) =

E / total corner angle =

F / back of chair height =

G / table height =

H / table width =

I / table length =
