Stacked Chairs

MEASURING GUIDE

In order to get the best fit of your new custom cover, it is important to make sure all measurements are accurate. Measure outer edges around the chairs stacked in position to get the smallest configuration possible. Contact us for any questions you have so we can get the best fit.

A / height of bottom chair =

B / distance across top of chairs =

C / distance from top chair to front edge =

D / height of top seat =

E / distance from front edge to “G” =

F / back chair foot to “G” =

G / overall height of stack =
